**6th Scientific Meeting of the Federation of
European Societies of Neuropsychology**

“Brain in context”

Three days full of interesting, current topics directed to both researchers and clinicians in the field of neuropsychology. Maastricht offers an international atmosphere in an old town with excellent opportunities for leisure, shopping and food.

The following keynote speakers already confirmed:

- Professor Cathy Price, Institute of Cognitive Neuroscience, London, United Kingdom
- Professor Edward de Haan, University of Amsterdam, the Netherlands
- Professor Jean-Francois Démonet, University of Lausanne, Switzerland
- Professor Lars Nyberg, University of Umeå, Sweden

Call for abstracts will follow soon!
